

Beyond Pink Fund Testimonials

“Thank you so much for the \$1000.00 from the Beyond Pink Fund which was awarded to me back in April. The money was used towards unpaid medical expenses at Allen Hospital. I am a single parent with two children. I was diagnosed with breast cancer in January, 2010 by Dr. Duven and had a mastectomy February 2nd. I was very thankful when Kathy at Dr. Duven's office mentioned that I may be a candidate for this grant and recommended I apply. It's overwhelming how quickly medical expenses add up and was extremely grateful to have been awarded the \$1000.00. “

Kim, breast cancer survivor

“I was diagnosed with breast cancer in early March 2011, had a double mastectomy two weeks later, and started chemo in April. While going through all of this I lost my job. The Beyond Pink Fund helped me with my mortgage payment. That assistance allowed me to have one less thing to stress about and helped me focus on getting better. Think when you donate money. You never really know where it goes. You never see who it helps. With the Beyond Pink Team sooner or later , ‘we’re all going to end up knowing someone who’s benefited from it.”

Robyn, breast cancer survivor
